

At the heart of
The Meadows Institute
foundation is a vision of
hope and healing.
We know recovery
is possible.

WHO WE ARE

More than 40 years ago, The Meadows was created as an addiction treatment center at a former dude ranch in the lush Sonoran desert of Arizona. Over the years, the program has grown and changed to meet the demonstrated needs of patients, and today is one of numerous highly specialized treatment programs in the Meadows Behavioral Healthcare family of programs.

Our expansive network of Alumni and their families are a testament to the work we do and the mainstay of our programs. The Meadows Institute foundation wishes to pass along the experience and gift of recovery to individuals like you.

OUR MISSION

The Meadows Institute foundation is committed to helping individuals, families, and communities achieve sustainable, lifelong recovery.

Established by Meadows Behavioral Healthcare, the leader in trauma, addiction, eating disorders, and co-occurring disorder treatment, our foundation, The Meadows Institute, is designed to support individuals, families, and communities.

Leading us at The Meadows Institute is the wisdom of our Senior Fellows; these thought leaders bring their expertise focused on the advancements and understanding of treatment in behavioral healthcare. We rely on their collective wisdom to guide our mission, which is evidenced by these four interdependent priorities:

- **Scholarship Aid** – Partnering with treatment programs across the country to offer scholarship aid for both inpatient and outpatient treatment services
- **Behavioral Health Awareness** – Investing in communities to engage in awareness campaigns.
- **Continuing Education for Professionals** – Sharing their vast expertise of our Meadows Senior Fellows to expand the training of working professionals
- **Research** – Advancing cutting-edge research projects through strategic alliances
